

I have been listening to K-Love radio station for many years. I just received notice that they may not be in service in the future. I live in a dominantly Mormon community where you are bombarded with their culture and beliefs. It is not a bad thing however, my family and I rely heavily on this radio station. I would be at a loss without them. K-LOVE has been a blessing for us. In today's time where morals and families have fallen by the wayside, it is refreshing to listen to positive and encouraging music as well as their comments. It is important to me to bring up my family with good values and K-LOVE provides this for us. I do not want to listen to music especially "RAP" or other types of music that bring about negative lifestyles. I know that we do not live in a perfect world but it is nice to see this radio station stand up for what they believe in and to care so much about the community. This station provides a great service so please let them continue to change lives as they have changed mine.

Thank you,
